# CLIENT AFTER CARE

FOR THE FIRST 24 HOURS AND LONG TERM CARE OF YOUR LASHES PLEASE:

- Do not allow lashes to get wet.
- Avoid steam - so no spas, saunas, hot tubs, hot yoga, or cooking in a steamy kitchen. Steam will affect the adhesive from bonding properly.
- Do not swim.
- Do not rub, perm, or tint your lashes before or after lash extension application.
- Do not rub your eyes or lashes when washing your face
- \* cleanse around the eyes with a washcloth or Q-tip.
- Do not pull on your lash extensions - as you're likely to pull out your natural lash with it.
- Do not use mascara on your lashes other than the one recommended by your technician.
- Do not use a waxy, greasy, or oil-based eyeliner or eye shadow during and beyond the first 24 hours, this compromises the adhesive and will result in lash extension loss.
- Do not remove the extensions on your own.
- Do not cut your extensions, you risk cutting your own lashes and altering the natural appearance of the lash extensions.
- Always brush your lashes in the morning and at night.
